2. Introduction and Background

Manual Adjustment

- Labour lose 1 seat across committees
- Conservatives gain 1 seat across committees
- Thurrock Independents lose 2 seats across committees

- 2.9 This manual adjustment will create 2 unclaimed seats on committees. These

unclaimed seats will be given to the ungrouped independent Member.

- 2.10 Group Leaders are expected to propose their preferred manual adjustments at the meeting to be agreed by Council.

3. Issues, Options and Analysis of Options

- 3.1 Manual adjustments are discretionary and are based on agreement between all group leaders as to how these adjustments should be made.

4. Reasons for Recommendation

- 4.1 For transparency the Council are encouraged to have sight of any changes to political balance and agree or note them.

5. Consultation (including Overview and Scrutiny, if applicable)

- 5.1 Consultation has been undertaken in respect of this report with the leaders of each of the political groups represented on the Council. Their agreement has been obtained to the calculations relating to the allocation of seats on committees and their respective nominations can be put before Council for approval.

6. Impact on corporate policies, priorities, performance and community impact

- 6.1 Appointing members to committees in accordance with the political balance of the Council and associated allocation of seats on committees will enable the Council to properly discharge its functions.

Director of Finance, Legal and ICT

There are no direct financial implications related to the change in political balance. The cost of servicing committees will be met through the existing budgets.

7.2 Legal

Implications verified by: **Tim Hallam**
Acting Assistant Director of Law and Governance

The duties on Councils (under sections 15- 17 of the Local Government and Housing Act 1989) are to review the representation of different political groups on Committees and, as soon as practicable after such reviews, determine the allocation to different political groups and give effect to allocations. This is so as to ensure that the overall political composition of the Council is, so far as reasonably practicable, reflected in the appointment of Members to Committees and Sub-Committees.

This review has to be done at or as soon as practicable after the annual meeting of full Council. A review should also be done where the overall political balance of the Council changes during the course of the municipal year. Following any change in the overall political balance, the authority is required to undertake a review and consider any implications for representation on Council Committees and Sub-Committees. This would include following a Member(s) stating that he or she wishes to join a political group (reg. 17 of the Local Government (Committees and Political Groups) Regulations 1990).

If following a review it's considered that any changes need to be made to Committee and/or Sub-Committee allocations then a report needs to go to full Council setting out the recommended changes.

Notes:

1 The total rounded entitlement of each party group is compared with the total number of seats allocated to that group. The allocations are then adjusted manually to ensure that the number of seats allocated to a particular group matches their entitlement.

2 Compare total rounded entitlement of each party group (Row 7) with the total number of seats allocated to that group in Row 20. Then adjust the allocations manually to ensure that the number in Row 20 matches that in Row 7
