Information for members of the public and councillors

Access to Information and Meetings

Members of the public can attend all meetings of the council and its committees and have the right to see the agenda, which will be published no later than 5 working days before the meeting, and minutes once they are published.

Recording of meetings

This meeting may be recorded for transmission and publication on the Council's website. At the start of the meeting the Chair will confirm if all or part of the meeting is to be recorded.

Members of the public not wishing any speech or address to be recorded for publication to the Internet should contact Democratic Services to discuss any concerns.

If you have any queries regarding this, please contact Democratic Services at Direct.Democracy@thurrock.gov.uk

Guidelines on filming, photography, recording and use of social media at council and committee meetings

The council welcomes the filming, photography, recording and use of social media at council and committee meetings as a means of reporting on its proceedings because it helps to make the council more transparent and accountable to its local communities.

If you wish to film or photograph the proceedings of a meeting and have any special requirements or are intending to bring in large equipment please contact the Communications Team at CommunicationsTeam@thurrock.gov.uk before the meeting. The Chair of the meeting will then be consulted and their agreement sought to any specific request made.

Where members of the public use a laptop, tablet device, smart phone or similar devices to use social media, make recordings or take photographs these devices must be set to 'silent' mode to avoid interrupting proceedings of the council or committee.

The use of flash photography or additional lighting may be allowed provided it has been discussed prior to the meeting and agreement reached to ensure that it will not disrupt proceedings.

The Chair of the meeting may terminate or suspend filming, photography, recording and use of social media if any of these activities, in their opinion, are disrupting proceedings at the meeting.

Thurrock Council Wi-Fi

Wi-Fi is available throughout the Civic Offices. You can access Wi-Fi on your device by simply turning on the Wi-Fi on your laptop, Smartphone or tablet.

- You should connect to TBC-CIVIC
- Enter the password **Thurrock** to connect to/join the Wi-Fi network.
- A Terms & Conditions page should appear and you have to accept these before you can begin using Wi-Fi. Some devices require you to access your browser to bring up the Terms & Conditions page, which you must accept.

The ICT department can offer support for council owned devices only.

Evacuation Procedures

In the case of an emergency, you should evacuate the building using the nearest available exit and congregate at the assembly point at Kings Walk.

How to view this agenda on a tablet device

You can view the agenda on your [iPad](#), [Android Device](#) or [Blackberry Playbook](#) with the free modern.gov app.

Members of the Council should ensure that their device is sufficiently charged, although a limited number of charging points will be available in Members Services.

To view any “exempt” information that may be included on the agenda for this meeting, Councillors should:

- Access the modern.gov app
- Enter your username and password

DECLARING INTERESTS FLOWCHART – QUESTIONS TO ASK YOURSELF

Breaching those parts identified as a pecuniary interest is potentially a criminal offence

Helpful Reminders for Members

- *Is your register of interests up to date?*
- *In particular have you declared to the Monitoring Officer all disclosable pecuniary interests?*
- *Have you checked the register to ensure that they have been recorded correctly?*

When should you declare an interest at a meeting?

- **What matters are being discussed at the meeting?** (including Council, Cabinet, Committees, Subs, Joint Committees and Joint Subs); or
- If you are a Cabinet Member making decisions other than in Cabinet **what matter is before you for single member decision?**

Does the business to be transacted at the meeting

- relate to; or
- likely to affect

any of your registered interests and in particular any of your Disclosable Pecuniary Interests?

Disclosable Pecuniary Interests shall include your interests or those of:

- your spouse or civil partner's
- a person you are living with as husband/ wife
- a person you are living with as if you were civil partners

where you are aware that this other person has the interest.

A detailed description of a disclosable pecuniary interest is included in the Members Code of Conduct at Chapter 7 of the Constitution. **Please seek advice from the Monitoring Officer about disclosable pecuniary interests.**

What is a Non-Pecuniary interest? – this is an interest which is not pecuniary (as defined) but is nonetheless so significant that a member of the public with knowledge of the relevant facts, would reasonably regard to be so significant that it would materially impact upon your judgement of the public interest.

Pecuniary

If the interest is not already in the register you must (unless the interest has been agreed by the Monitoring Officer to be sensitive) disclose the existence and nature of the interest to the meeting

If the Interest is not entered in the register and is not the subject of a pending notification you must within 28 days notify the Monitoring Officer of the interest for inclusion in the register

Unless you have received dispensation upon previous application from the Monitoring Officer, you must:

- **Not participate or participate further in any discussion of the matter at a meeting;**
- **Not participate in any vote or further vote taken at the meeting; and**
- **leave the room while the item is being considered/voted upon**

If you are a Cabinet Member you may make arrangements for the matter to be dealt with by a third person but take no further steps

Non- pecuniary

Declare the nature and extent of your interest including enough detail to allow a member of the public to understand its nature

You may participate and vote in the usual way but you should seek advice on Predetermination and Bias from the Monitoring Officer.

Our Vision and Priorities for Thurrock

An ambitious and collaborative community which is proud of its heritage and excited by its diverse opportunities and future.

1. **People** – a borough where people of all ages are proud to work and play, live and stay
 - High quality, consistent and accessible public services which are right first time
 - Build on our partnerships with statutory, community, voluntary and faith groups to work together to improve health and wellbeing
 - Communities are empowered to make choices and be safer and stronger together
2. **Place** – a heritage-rich borough which is ambitious for its future
 - Roads, houses and public spaces that connect people and places
 - Clean environments that everyone has reason to take pride in
 - Fewer public buildings with better services
3. **Prosperity** – a borough which enables everyone to achieve their aspirations
 - Attractive opportunities for businesses and investors to enhance the local economy
 - Vocational and academic education, skills and job opportunities for all
 - Commercial, entrepreneurial and connected public services

Executive Summary

In March 2019 the local area, including the local authority, the CCG, and schools, had a joint inspection of special educational needs and disabilities (SEND).

The Inspection identified that leaders in the local area had not made enough progress in the introduction of the reforms and as a result were issued with a Written Statement of Action.

The following significant areas of weakness need to be addressed by the Local Authority:-

- Inaccurate and incomplete records and ineffective oversight mean that leaders did not know the whereabouts of some children and young people and what provision they have.
- Quality assurance is not rigorous enough to ensure effective governance and oversight across the provision and services for 0 to 25-year-olds with SEND. Leaders are reliant on working relationships rather than processes. Leaders are over reliant on the limited information given to them by educational providers about the quality of the provision they purchase.
- EHC plans and the annual review process are of poor quality. The local authority has no system in place to make sure that relevant professionals and services are notified when EHC plans need reviewing or updating. Professionals are not routinely informed of requests to submit written information within specified timescales. Too often, EHC plans are out of date and do not accurately reflect the needs or views of children and young people, or the views of the families. The information from EHC plans and annual

reviews is not used to inform the commissioning of services, particularly, but not exclusively, for young people between the ages of 19 and 25 years.

- To address the concerns outlined, Officers and a range of partners have been drafting our written statement of action – presenting this at children’s overview and scrutiny committee will ensure that we have enabled committee members the opportunity to review and provide feedback on the WSOA before we submit the document on 12 August 2019

1. Recommendation(s)

1.1 O&S to review the written statement of action and provide feedback before the document is sent for Ofsted approval.

2. Introduction and Background

- 2.1 Ofsted require the WSOA to cover the areas that they identified governance was highlighted as an area of weakness – to support this work we have recently developed the following governance structure:-
- 2.2 Children’s Overview and Scrutiny – this will become a standing agenda item throughout the municipal year and the WSOA will be reviewed by the committee before being sent to Ofsted. The monitoring of progress against the WSOA this will take place at all committee meetings.
- 2.3 SEND Development Board which is chaired by the Portfolio Holder for Education & Health this will oversee both the WSOA and the wider issues identified within the inspection outcome letter.
- 2.4 SEND Operational Group which is chaired by the Assistant Director of Education & Skills and will oversee the operational management of both the WSOA and the wider issues identified within the inspection outcome letter.

3. Issues, Options and Analysis of Options

- 3.1 The Local Authority has to submit a WSOA by 12th August 2019 this will then be reviewed by Ofsted. The WSOA will cover the three areas for concern raised in the inspection and nothing more. However, other areas of development are monitored through the SEND Development Action Plan. Once approved the LA has 18 months before the local area is re-visited by Ofsted on the areas outlined in the letter. There will also be monitoring visits by the Department for Education Regional Advisors to monitor progress against the WSOA.

4. Reason for Recommendation

- 4.1 Children’s Overview and Scrutiny have a clear and accountable governance responsibility around supporting children with additional needs – the standing agenda item will enable committee members to be reassured of the progress

and provide scrutiny in ensuring we are meeting the objectives outlined in the SWOA

5. CONSULTATION (including Overview and Scrutiny, if applicable)

5.1 Children's Overview and Scrutiny Committee

6. IMPACT ON CORPORATE POLICIES, PRIORITIES, PERFORMANCE AND COMMUNITY IMPACT

6.1 This report contributes to the following corporate priorities: - create a great place for learning and opportunity

7. IMPLICATIONS

7.1 Financial

Implications verified by: **David May**
Strategic Lead of Finance

Additional resources have been identified to ensure that we implement the change programme that is being developed to support children with special needs. This will be monitored alongside the written statement of action to ensure that they have been targeted in the appropriate place to see improved outcomes for children and young people.

In addition, the Dedicated Schools Grant in 2018/19 prioritised resources to make permanent the additional capacity required to respond to the increase demand in EHCP.

7.2 Legal

Implications verified by: **Lindsey Marks**
Deputy Head of Legal

The Committee is asked to note the report content under the remit of the Committee's terms of reference and powers.

7.3 Diversity and Equality

Implications verified by: **Roxanne Scanlon**
Community Engagement and Project Officer

Supporting our children and young people who have special education al needs is a key strategic priority for Thurrock Council. The WSOA will look to address the areas identified by Ofsted. It is important to recognise that we will be undertaking work around a cultural change and the wider work around how

we gather the voice of children, young people and parents and carers to inform the cultural changes we need to action to ensure that we have an SEND services that provides positive pathways around learning.

7.4 Other implications (where significant) – i.e. Section 17, Risk Assessment, Health Impact Assessment, Sustainability, IT, Environmental

None

Version 2

Introduction

This document outlines the commitment of Thurrock Council and Thurrock's Clinical Commissioning Group (CCG) to address the areas of concern, which were identified in Thurrock's Local Area SEND Inspection, which took place 4th-8th March 2019.

The document highlighted three key areas:

- **Significant weakness 1:** Inaccurate and incomplete records and ineffective oversight mean that leaders did not know the whereabouts of some children and young people and what provision they have.
- **Significant weakness 2:** Quality assurance is not rigorous enough to ensure effective governance and oversight across the provision and services for 0 to 25-year-olds with SEND. Leaders are reliant on working relationships rather than processes. Leaders are over reliant on the limited information given to them by educational providers about the quality of the provision they purchase.
- **Significant weakness 3:** Education Health and Care Plans (EHCP) and the annual review process are of poor quality. The local authority has no system in place to make sure that relevant professionals and services are notified when EHC plans need reviewing or updating. Professionals are not routinely informed of requests to submit written information within specified timescales. Too often, EHC plans are out of date and do not accurately reflect the needs or views of children and young people, or the views of the families. The information from EHC plans and annual reviews is not used to inform the commissioning of services, particularly, but not exclusively, for young people between the ages of 19 and 25 years.

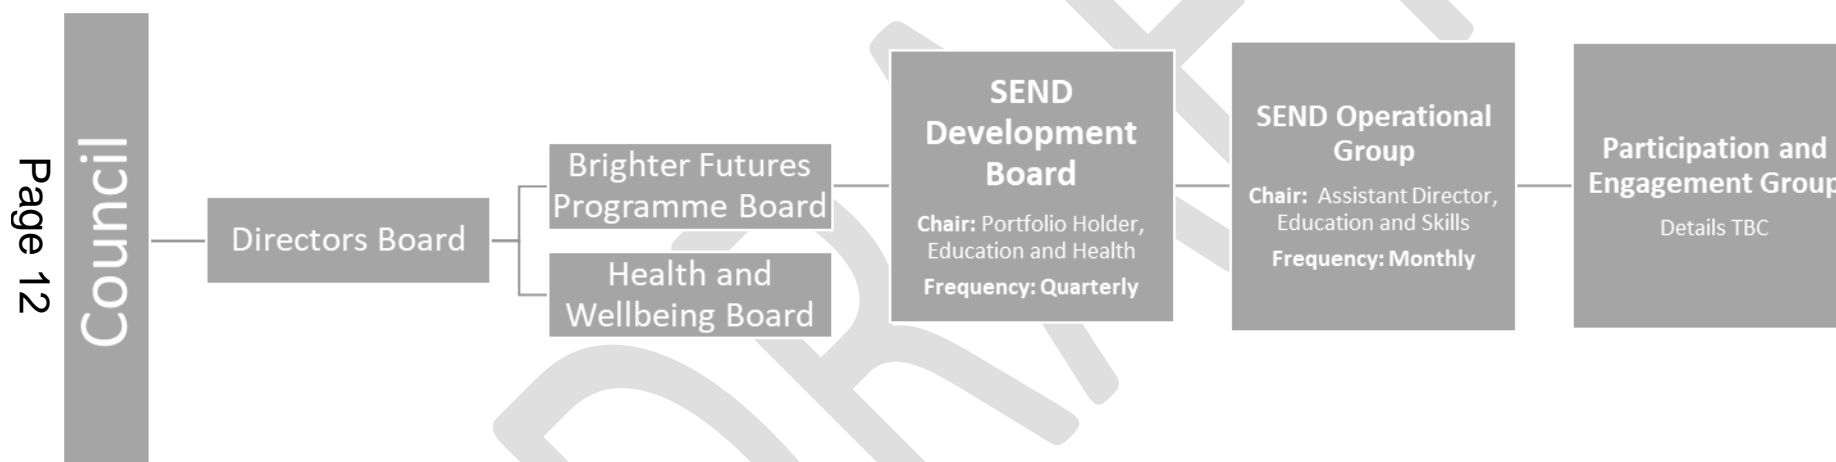

Our written statement of action has been produced in partnership with the Thurrock Council, CCG and Public Health to ensure that all key partners are working together to address the weaknesses identified in the recent inspection. In addition, we have shared the document with our Children's Overview and Scrutiny board, young people, our parent groups, and a focus group of parents and carers recognising the importance of shared ownership and commitment to children and young people with SEND.

The monitoring of this statement of action will take place on a quarterly basis with the Department for Education (DfE) and NHS England, and implementation will be monitored and scrutinised through the Thurrock SEND Development Board which is chaired by the Portfolio Holder for Education and Health. Our Operational SEND Group will oversee our work plans and monitor internal performance measures to ensure we have a robust system of quality assurance in place.

Written Statement of Action

Significant weakness 1: Inaccurate and incomplete records, and ineffective oversight mean that leaders did not know the whereabouts of some children and young people and what provision they have.

Aim of this programme of work:

To ensure that the authority knows where all children are placed and the type of provision commissioned and that we apply processes to confirm the quality of provision and the welfare of children and young people placed in different settings particularly those out of the authority.

We will undertake a review of SEN, EHCP records and ensure that they are updated. This will be reviewed monthly by senior manager and reported through our performance management framework to Directors Board and the SEND Development Board.

KPI's / Targets for assessing overall success of the programme

- All EHCP plans reviewed and quality assured to meet statutory assessment timelines

An accurate list of all C&YP with EHCPs:-

- Where they are placed
- Date the EHCP was reviewed and when next review is due
- For those placed in residential /out of authority or home educated dates of the last monitoring visits to check welfare
- Up to date information around children/young people who are "awaiting provision"
- Clear processes in place to ensure we are tracking those that may be missing

Target:- The system at any time can produce this information readily.

Significant Weakness 2: Quality assurance is not rigorous enough to ensure effective governance and oversight across the provision and services for 0 to 25-year-olds with SEND. Leaders are reliant on working relationships rather than processes. Leaders are over reliant on the limited information given to them by educational providers about the quality of the provision they purchase.

Aim of this programme of work:-

- (i) Ensure relevant governing bodies (eg SEND Development Board and HWB) have access to a range of indicators relating to outcomes, service quality and performance to assess how well the local area is meeting the needs of CYP with SEND**
- (ii) Ensure key services for C&YP operate within a newly refreshed QA framework**

KPI's/Targets for assessing overall success of the programme:-

- a) Developing a strategic data dashboard covering education, health and social care provision which includes outcomes and indicators of service quality and performance for use by strategic managers and governing bodies responsible for overseeing the provision of services of C&YPM with SEND and taking policy/commissioning decisions
- b) Developing a QA framework for key aspects of service delivery with priority over the next 18 months being given to the following:
 - EHCP's include the views, wishes and feelings of children, young people, their families and carers
 - EHCP's are clear, concise, understandable and accessible
 - EHCP's set out how partners will co-ordinate and work together to support the child, young person, parent and carers
 - EHCP's clearly identify need and include specific outcomes

The framework will also be inclusive of those placed in independent/non maintained/residential settings and special circumstances.

- c) Reviewing post 16 local offer and how it links into the adult social care transitional pathway.

Significant weakness 3: EHC plans and the annual review process are of poor quality. The local authority has no system in place to make sure that relevant professionals and services are notified when EHC plans need reviewing or updating. Professionals are not routinely informed of requests to submit written information within specified timescales. Too often, EHC plans are out of date and do not accurately reflect the needs or views of children and young people, or the views of the families. The information from EHC plans and annual reviews is not used to inform the commissioning of services, particularly, but not exclusively, for young people between the ages of 19 and 25 years.

Aim of this programme of work

To ensure that the Local Authority and other partners produce a plan that clearly articulate the needs of the child/young person having taking into consideration the voice of children/young people. Annual review to be completed within timeframes and clearly reflect the views of children/young people, parents/carers and educational providers.

KPI's / Targets for assessing overall success of the programme

EHCPs:

- Improved staffing capacity to meet statutory requirements
- Strengthening management oversight to ensure that we are clearly sited on EHCP progress
- Developing or revising the QA framework (to include practice standards and parent feedback and feedback from young people)
- Training of staff: e.g.
 - (i) caseworkers in the SEND team on how to successfully bring out the key point from specialist and other assessments to ensure this information is an integral part of the Plan as well as being included in the appendices)
 - (ii) social care staff
 - (iii) health staff
 - (iv) SENCOs
