7. Implications

It is vital that the Council understands current and future demand pressures and what these mean for the budget. An increase in demand pressures in Children's Social Care is generating a considerable overspend.

7.2 Legal

Implications verified by: **Lindsay Marks**
Principal Solicitor, Children's Safeguarding

The Local Authority has a statutory duty to provide services to children in need of help and protection, failure to effectively do so could lead to legal challenges and reputational damage. Key performance indicators and accurate data allow the Council to monitor and ensure that it is appropriately discharging its statutory duties.

7.3 **Diversity and Equality**

Implications verified by: **Becky Price**
Community Development Officer

The local authority and its partners must ensure that a range of services and provision is in place to protect children from all backgrounds. A focus on diversity within future Dashboards would be helpful.
