### Cleaner Greener and Safer Overview and Scrutiny Committee Suggestions Summary

Cleaner Greener and Safer Overview and Scrutiny Committee Suggestions of Fly Tipping of Alleyways to be considered as part of the review process

Suggestion	Perceived Benefit	Anticipated Costs	Officer Feedback on suggestion
That council workers working outside the office report seeing old furniture and other material likely to eventually become a fly tip in people's gardens.	The opportunity to divert material that could otherwise end up as a fly tip to legitimate disposal.	Admin officer resource to receive and record reports. Waste Education Officers to follow up on reports	This may improve the proportion of waste diverted from fly tipping to legitimate. The council previously had waste education officers who undertook education of residents on waste disposal and campaigns around waste and recycling this role could be revived.
Is there a way we can collect registration numbers for vehicles that are observed carrying waste and then check to see if they have a waste carriers licence.	Disruption of illegal fly tipping activity	Staff cost for this activity.	Environment currently undertake waste carrier licence checks as part of wider work including checking on trade waste agreements.
Is there a practical way of monitoring Facebook for pages advertising house or garden clearance and checking to see if they have a waste collection licence	Reduction of unlicensed waste collectors.	ICT/Communications officer to monitor Facebook pages. Additional staff for increased environmental enforcement operations.	Intelligence provided by monitoring could be used in Environmental Enforcement Operations
If we have a list of private landlords could we write to them and make them aware they have to dispose of old furniture responsibly.	Reduction in fly tipping of alleyways.	Staff to collate private landlord list and produce mail shot	The anecdotal evidence suggests that it is tenants as opposed to landlords who are responsible for fly tipping so targeting landlords may not prove to be effective.
Is there a benefit to having regular drop off points for furniture, electrical goods etc in the areas of Thurrock that suffers the worst incidents.	Reduction in fly tipping	Cost of running additional waste reception facilities and disposal of waste	Cost prohibitive

<p>With regard to building waste, could a condition be added to any planning permission granted requiring the applicant to supply the name of the company who will be disposing of building waste prior to commencement.</p>	<p>Reduction in fly tipping of building and demolition materials.</p>	<p>Planning Officer resource.</p>	<p>Planning officers already work with developers to ensure the inclusion of appropriate conditions by way of a construction environmental management plan for applicable developments and will continue to do so. The issue of fly tipping of alleyways though is less impacted by construction activities requiring planning permission than the fly tipping of remote sites and therefore this is not seen as being a major contributory factor to reducing fly tipping in</p>
<p>Would it be cost effective to have covert mobile cameras that could be deployed as and when required at hot spots, i.e. Prior to removing the fly tip as quite often a fly tip attracts other fly tippers and the camera could catch these.</p>	<p>Increased potential for prosecutions against offenders and associated publicity dissuading would be fly tippers in the area.</p>	<p>Some activity undertaken already using a risk based approach. Further work would need to be separately funded.</p>	<p>CCTV monitoring has mixed success and is one of the ways Thurrock works to counter fly tipping.</p>
<p>Do we have or could we have on our website a list of local companies small as well as large who have waste collection licences, as while we will collect white goods and furniture I don't believe we collect general materials or garden waste.</p>	<p>Facilitate the responsible disposal of waste by residents.</p>	<p>Web resource.</p>	<p>This is currently done via the Environment Page <a href="https://www.thurrock.gov.uk/fly-tipping/how-to-dispose-of-large-objects">https://www.thurrock.gov.uk/fly-tipping/how-to-dispose-of-large-objects</a></p>
