Domain 3 – People-Led Health and Care

Domain 4 – Opportunity for All

Domain 5 – Housing and the Environment

Domain 6 – Community Safety

Domain 2 - Building Strong & Cohesive Communities

Summary aim

This domain focuses on creating a fair, accessible and inclusive borough where everyone has a voice and an equal opportunity to succeed and thrive, and where community led ambitions are supported and actively encouraged.

Challenges

- Thurrock is made up of many diverse communities who may not always feel welcomed, included or supported consistently.
- Investing in communities to maintain a thriving voluntary sector which offers individuals choice and support.
- Community insight and listening to residents does not always steer decision making at a local level, therefore many residents can become disengaged.

Priorities

- Improve the way we engage with residents to ensure everyone can have their voice heard.
- Ensure people have the skills, confidence and ability to communicate as active citizens and are feel empowered to influence decisions that affect their lives.
- Promote opportunities to bring communities together to enhance shared experience and to embed a sense of belonging.
