Dear Mr Bonar

Street Trading Consent

I am writing to you as we have received a complaint about one of your vehicles (10 LLY trading in Digby Road and Woodbrooke Way, Corringham on Saturday 13 May 2023, and using the van's chimes to an extent that it caused a disturbance to residents.

Your current street trading consent does not cover Corringham.

It has been reported that the chimes were used at 16:53, 16:55 (twice), 16:59, 17:00, 17:04 (twice), 17:08 and 17:10. The conditions of Street Trading Consents state that chimes must not be sounded more often than once every three minutes, and not more often than once every two hours in the same street.

Please remind your drivers of the areas in which they are permitted to trade, and make sure they are familiar with the conditions attached to the consents to ensure we do not receive any further complaints of this nature.

Please do not hesitate to contact me if you would like to discuss this matter further.

Yours sincerely

Elizabeth Cox
Licensing Officer
