Applicant: Group 1 Automotive and Grays Athletic Football Club	Validated: 27 January 2023 Date of expiry: 14 July 2023 (extension of time agreed)
Recommendation: Refuse planning permission	

1.0 BACKGROUND

- 1.1 At the meeting of the Planning Committee held on 6 April 2023 Members voted to undertake a site visit before any Officer presentation, questions or debate of the proposal. A site visit was also agreed (following the presentation, questions and debate) for the associated Thurrock Football Club application (ref 22/01672/FUL). The report below summarises any further consultation responses and planning updates.
- 1.2 The site visit took place on 5th July 2023.
- 1.3 A copy of the report presented to the April Committee meeting is attached as an appendix.

2.0 CONSULTATION UPDATES

- 2.1 Since the April Committee report was published, a consultation response was received from the Council's Sports Development Policy Manager as follows:

“Thurrock’s Playing Pitch needs assessment and subsequent Strategy identifies the need for additional 3G pitches within Thurrock and specifically identifies Belhus Park Leisure Centre as a recommended site.

With regard to this application, I understand that a contribution of £500k would be made available from a linked development for a 3G pitch at Belhus Park Leisure Centre. However, the current estimated cost of building a 3G pitch is in the region of £900k. With this in mind, and with the lack of information within the application regarding the size, specifications and quality of the pitch, it makes it very difficult to assess whether this proposal would be suitable, have longevity and meet identified needs.

The application does not appear to include permission for pitch floodlighting which would be essential for evening use during the winter months. No reference has been made to how floodlighting would be provided or who would be providing it however, without floodlighting (and planning permission for floodlighting), a 3G pitch would not meet the needs identified with Thurrock Playing Pitch Strategy.”

3.0 UPDATES, ASSESSMENT & IMPLICATIONS

- 3.1 Since the previous Committee Report was published there are no further updates.

4.0 CONCLUSION

- 4.1 The recommendation remains one of refusal for the reasons stated in 9.0 of the April Committee report.

5.0 RECOMMENDATION

- 6.1 The Committee is recommended to refuse planning permission for the following reasons:

1. The application is not accompanied by sufficient detail regarding proposed pitch layouts, pitch design specifications, details of pedestrian and maintenance access and floodlighting to enable the local planning authority and Sport England to make an adequate assessment of whether the proposals provide adequate mitigation for the proposed loss of existing

playing fields at the former Thurrock Football Club site. Consequently, the proposals are contrary to paragraph no. 99 of the NPPF and policies CSTP20 and PMD5 of the Thurrock Core Strategy and Policies for the Management of Development 2015.

2. As no mechanism has been provided by the application which guarantees the delivery of the proposed 3G pitch, the local planning authority cannot conclude whether any public benefits of the proposals outweigh the identified harm to the Grade II Belhus Park Registered Park and Garden. The proposal is therefore contrary to paragraph no. 202 of the NPPF.

Informative(s)

1. Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended) - Positive and Proactive Statement:

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern with the proposal and determining the application within a timely manner, clearly setting out the reason(s) for refusal, allowing the Applicant/Agent the opportunity to consider the harm caused and whether or not it can be remedied by a revision to the proposal. The Local Planning Authority is willing to liaise with the Applicant/Agent to discuss the best course of action and is also willing to provide pre-application advice in respect of any future application for a revised development.
