## **Executive Summary**

This report provides an update on the usage and activity of RIPA requests during the period 1 April 2022 to 31 March 2023, along with a refreshed RIPA Policy included as Appendix A.

Despite RIPA activity levels being low, there is a requirement to report this information to Members. Failure to report RIPA usage to Members, will result in criticism as part of any RIPA inspection.

The RIPA policy is reviewed annually and/or if there are changes to legislation. As there have been no changes to RIPA legislation, with the exception of updating the list of Authorising Offices within the policy and including a separate reference to CCTV, no other changes are considered necessary at this stage.

### **1. Recommendation(s)**

**1.1 That Standards and Audit Committee note the statistical information relating to the use of RIPA for the period 1 April 2022 to 31 March 2023.**

**1.2 That Standards and Audit Committee agree the RIPA Policy.**

### **2. Introduction and Background**

**2.1 The Regulation of Investigatory Powers Act 2000 (RIPA), and the Protection of Freedoms Act 2012, legislates for the use of local authorities of covert**

methods of surveillance and information gathering to assist in the detection and prevention of crime in relation to an authority's core functions.

2.2 The RIPA Act allows the council to undertake directed/covert surveillance, however any covert surveillance undertaken must:

- Be necessary and proportionate to the alleged crime
- Only be used as a last resort and/or if other less intrusive means cannot be used
- Only be carried out if the potential crime/offence would result in a prison sentence of at least 6 months

2.3 The Investigatory Powers Commissioner's Office (IPCO) is responsible for the judicial oversight of the use of covert surveillance by public authorities throughout the United Kingdom.

2.4 The RIPA Single Point of Contact (SPOC) maintains a RIPA register of all directed surveillance RIPA requests and approvals across the council.

## 2.5 RIPA Activity:

2.5.1 There was 1 RIPA surveillance authorisation processed during 1 April 2022 to 31 March 2023. The table below details 2022/23 RIPA volumes along with the figures for 2021/22:

	2021/22	2022/23
Trading Standards	0	1
Fraud	0	0
Covert Human Intelligence Source (CHIS) authorisations	0	0
<b>Total</b>	<b>0</b>	<b>1</b>

2.5.2 Low numbers of RIPA authorisations are a result of the council utilising other forms of investigation due to its collaboration with the police and/or enforcement work being more overt rather than covert. The council continues to work with partners across the public sector to ensure that Thurrock as an area is protected from crime.

2.5.3 The outcomes of the above RIPA directed surveillance authorisations cannot be summarised in detail. This is due to Data Protection requirements and to ensure that any on-going investigations are not compromised as a result of any disclosure of information.

2.5.4 The table below shows the number of requests made to the National Anti-Fraud Network (NAFN) for Communication Data requests:

Application Type:	2021/22	2022/23

Events (Service) Data	1 (Fraud)	0
Entity (Subscriber) Data	4 (2 Fraud and 2 Trading Standards)	0
Combined	3 (2 Fraud and 1 Trading Standards)	5 (4 Fraud and 1 Trading Standards)
<b>Totals</b>	<b>8</b>	<b>5</b>

**Notes in relation to NAFN applications:**

- Events Data – Is information held by a telecom provider including itemised telephone bills and/or outgoing call data.
- Entity Data – Includes any other information or account details that a telecom provider holds e.g. billing information.
- Combined – Includes applications that contain both Events and Entity data.

2.6 **Policy Changes** - The RIPA Policy is attached as Appendix A. The policy is reviewed annually and/or if there are changes to legislation. As there have been no changes to RIPA legislation, with the exception of updating the list of Authorising Offices within the policy and including a separate reference to CCTV, no other changes are considered necessary at this stage.
