| 1 | Definition of Internal Auditing | | | | |
| | Using evidence gained from assessing conformance with other Standards, is the internal audit activity: a) Independent? b) objective? | | | ✓ | It is clear from the Best Value report that the Chief Internal Auditor (CIA) was not acting independently and his objectivity was being impaired through the reporting lines. |
| | Using evidence gained from assessing conformance with other Standards, does the internal audit activity use a systematic and disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes within the organisation? | | √ | | It does now through the use of TeamMate. However, this has only effectively been being used since June 2023. |
| 2 | Code of Ethics | | | | |
| | Integrity Using evidence gained from assessing conformance with other Standards, do internal auditors: a) Perform their work with honesty, diligence and responsibility? b) observe the law and make disclosures expected by the law and the profession? c) Not knowingly partake in any illegal activity nor engage in in acts that are discreditable to the profession of internal auditing or to the organisation? d) Respect and contribute to the legitimate and ethical objectives of the organisation? | √ | | | Nothing has come to our attention to suggest the team are not working with integrity. In addition, they have to make a declaration of interest annually and also for every review. |
| | Objectivity Using evidence gained from assessing conformance with other Standards, do internal auditors display objectivity by not: a) Taking part in any activity or relationship that may impair or be presumed to impair their unbiased assessment? b) Accepting anything that may impair or be presumed to impair their professional judgement? c) Disclosing all material facts known to them that, if not disclosed, may distort the reporting of activities under review? | √ | | | Nothing has come to our attention to suggest the team are not working with integrity. In addition, they have to make a declaration of interest annually and also for every review. |

| | Competency Using evidence gained from assessing conformance with other Standards, do internal auditors display objectivity by: a) only carrying out services for which they have the necessary knowledge, skills and experience? b) Performing services in accordance with the PSIAS? c) Continually improving their proficiency and effectiveness and quality of their services, for example through CPD schemes? | | , | Further development is being undertaken to enhance the knowledge and skills of the team. All of the team are using TeamMate which does drive them towards compliance with the Standards and all work has to be reviewed and signed off by either the CIA or Senior Internal Auditor. Due to the section 114 notice, most training is currently on hold including CDP. |

They do have to complete an officer register of interests each year. |
| Have any instances been discovered where an internal auditor has used information obtained during the course of duties for personal gain? | √ | No instances have been discovered. |
| Have internal auditors disclosed all material facts known to them which, if not disclosed, could distort their reports or conceal unlawful practice, subject to any confidentiality agreements? | √ | The conflict of interest form is taken into account when allocating work, however Auditors will point out to the Senior Internal Auditor or CIA where they believe to be any conflicts prior to undertaking audit reviews. Where Auditors are refused access to records this will be escalated to the CIA. Scope agreed is agreed with the client and any scope limitation issues would be identified then |
| Have internal auditors complied with the Bribery Act 2010? | √ | Team members have undertaken Fraud & Corruption training but 1 needs to refresh. |
