Hi Elizabeth,

I reviewed the public notice, which states, "Update the license plans to add the front extension to the licensable area." Wouldn't this mean they could play music in the front extension as well? If so, I strongly object to this proposal. The music played inside is already excessively loud, and allowing them to play music at the front would significantly increase noise nuisance. This would also likely encourage more inappropriate behavior from intoxicated customers, such as urinating on our property. Even without music, their patrons often shout outside the restaurant after their license hours end at 1 AM, disturbing our sleep.

Additionally, the ongoing noise issues remain unresolved. They continue to play loud music, and we still need to call OOH officers weekly. Recently, they've started deliberately playing loud music intermittently to avoid being caught when officers arrive, unlike before when the music was consistently loud. I believe their licensing hours should be shortened to 10-11 PM, and a noise limiter should be installed on their speakers to address the problem. Adding the front extension to the licensable area is unreasonable and inconsiderate, especially given the existing harm and nuisance caused.

Kind regards,
[REDACTED]

Good afternoon,

The variation application has now been received and the consultation period is open until 17 December 2024. You can view the public notice here: [Vary a premises licence - Desi, 59 Orsett Road, Grays, Essex. | Public notices | Thurrock Council](#)

If you wish to comment on the application then any representations must be in writing and relate to one of the four licensing objectives:

- The prevention of crime and disorder
- The prevention of public nuisance
- Public safety
- The protection of children from harm

Kind regards,

Liz
