

QUESTIONS FROM MEMBERS OF THE PUBLIC

There is one question from a member of the public.

1. **From Mr Perrin to Councillor J. Kent** (received 10/01/2016 @ 18:31)

“Resulting from the “Awareness” campaign organised by Mrs Deirdre Lodge it is accepted that damp and mould, especially toxic black mould, is a serious threat to the health and wellbeing of those living with it in their homes, though I believe there are some people, Councillors included, who would dispute that toxic black mould is a category 1 hazard. I acknowledge that this Council has taken this matter seriously and has endeavored to tackle the problem. What is the Council’s ultimate goal in the battle is it complete eradication of toxic black mould in Council homes, if so are you winning the battle?”
