Executive Summary

This report seeks to make attendance of Thurrock Council’s Child Sexual Exploitation Awareness Training, a pre application requirement, which will require all licensed drivers to have undertaken the training before they renew their licence or before any new drivers are granted with a licence.

1. Recommendation(s)

1.1 That the Licensing Committee agrees recommend to Council the inclusion of the completion of Thurrock Councils CSE Awareness training as part of its pre application requirements.

2. Introduction and Background

2.1 Child Sexual Exploitation (CSE) is growing concern nationally, with a number of high-profile cases being highlighted in the national press over recent years, such as Rotherham.

2.2 It has been identified during the investigations and enquiries into cases of CSE, such as the Jay Enquiry that “The prominent role of taxi drivers in CSE as a ‘common thread’ across England and noted that their involvement was evident from an early stage in Rotherham.”

2.3 These findings are not identifying taxi drivers as the perpetrators of CSE, but highlights the victims of CSE are often moved about in Taxis, often unknowingly buy the taxi driver, and they often unknowingly hold important information to help prevent and detect CSE.
2.4 As part of an initiative from Thurrock’s MASE (Multi agency sexual exploitation) group, a CSE Awareness training course has been produced which is specifically aimed at Hackney Carriage/Private Hire drivers.

2.5 The training provides taxi drivers with:

- A definition and understanding of what CSE is,
- How to identify the signs of CSE,
- How taxis could be used in cases of CSE,
- How to report any concerns that drivers may have,
- How to safeguard themselves from safeguarding complaints and allegations when transporting children or other vulnerable persons.

2.6 The training is being provided free of charge to the drivers, and is being delivered from August 2016 by Thurrock Council’s CSE coordinator, and a CSE specialist from Essex Police.

2.7 Attendance to the course at the moment is voluntary, and we are having a very large and positive take up by the local drivers.
